

JUNGIAN ENCOUNTER WITH THE EROTIC SOUL OF INDIA
FROM SEXUALITY TO SPIRITUALITY
FEBRUARY 15-26, 2020
With Guest Lecturer - Ashok Bedi M.D.

Join us in the upcoming encounter with the Soul of India this coming winter. We begin our journey in the capital **New Delhi**. From there we continue to explore the erotic temples of **Khajuraho** and, the Eros of human civilization in the visit to Taj Mahal. We experience an evening and morning boat ride in **Varanasi**, the holiest site for Hindus and the oldest continuous living city in the world. At **Chambal Safari Lodge** we conclude our journey with a three-day Jungian retreat and reflect on our experiences.

Together, we will explore the mysteries of the erotic soul of India embodied in Taj Mahal, Khajuraho and Varanasi. We will delve into the mystery of Kamasutra and its Tantric prescription from sexuality to spirituality incarnate in stone in Taj Mahal and Khajuraho and in the Tantric tradition of Shiva and Shakti at Varanasi. The Tantric and Erotic traditions of India consider the human and sexual relationship as a prototype for the Mystical union with the Divine— the Unio Mystica. These issues will be explored on the sacred ground of the birth of these ideas from an Eastern and Jungian perspectives. Participants may find correlation between these concepts and their own life an interesting illumination. It may be fascinating to explore your reflections with your peers and participants from different countries during our tour with the backdrop of the dreamlike world of India.

The Jungian faculty for the journey is **Ashok Bedi, M.D.**, a Jungian psychoanalyst and a board-certified psychiatrist. A Distinguished Life Fellow of the American Psychiatric Association, he is a Clinical Professor in Psychiatry at the Medical College of Wisconsin in Milwaukee and a training analyst at the Carl G. Jung Institute of Chicago. He is the liaison for the IAAP for developing Jungian training programs in India. He leads the annual “A Jungian Encounter with the Soul of India” study group to several centers in India under the auspices of the New York Jung Foundation.
